

July 2024

Dear Parents and Carers

From September our online cashless system will move from 'School Money' to My Child at School (MCAS). If you have not yet received a link for this we will be sending you a link in the next few days. This is only open for 24 hours. The link will enable you to access the MCAS app. Using the menu on this app you will be able to find the Dinner Money link which will give you instructions on how to pay in dinner money. There is also a link for clubs and trips.

If you wish to still pay money in using a barcode please contact Student Support.

All dinner and trip balances will be carried over onto the new system. Those who are new to the school will only be able to add money once your child is fully registered with us. The link will be sent to you on your child's first day. This will mean that for a short period of time a debt will be accrued which will be paid off once you add money to the account.

Pupils will be able to use a finger print system in September if they have permission and have had their finger prints scanned.

A Parents guide to MCAS is available on our School website.

If you need any further information please contact Mrs Betts in Student Support.

Yours sincerely

Mr A Lawrence
Principal
