Art and Craft Club is a fun and relaxing space where pupils can explore their creativity through a variety of hands-on activities. It's a chance to unwind after a busy school day, try new things, and enjoy making art in a friendly, supportive environment.

The club helps support mental health by offering a calm and creative outlet, and it builds a sense of community as students work together, share ideas, and celebrate each other's creations.

We've done all sorts of exciting projects in the past, like painting kindness pebbles, flip book animation, seasonal cards, gifting crafts and so much more! Looking ahead, we're planning even more fun activities that we haven't even explored yet! We would like to have enough pupils attend to create and sell Whether you're an experienced artist or just want to try something new, everyone is welcome!

Including all year groups, even staff are welcome to attend!
